LOBOR PARTY LOOKS FOR SUCCESS

Enthusiastic reports were given out at the meetings of the Labor Party in Gary, Hammond, East Chicago and Whiting, the speakers informing their audiences of the strength and growth of the party and forecasting success of the state ticket. The meetings were all largely attended.

Teamsters and Truckers Are Back at Work

The truck drivers and their employers in Gary reached a settlement yesterday and according to information, strikes among their ranks have been averted for some time to come. It is said that an agreement was reached to give the drivers of heavy trucks \$4.00 a week while drivers of lighter trucks will receive slightly below that figure. A settlement was also reached last week in the teamsters strike and all are now back at work. The truck drivers are members of the teamsters union.

DON'T FAIL TO WATCH FOR FINISH

Times readers are displaying such unusual interest in an advertisement running daily on this page—"Watch Me Grow, I'll Soon be a June Bride"—that it has started a flood of inquiries to be made as to the identity of the party inserting the ad.

But the readers will have to wait. Baby has already grown into girlhood and will soon be walking down the church aisle as a June bride. There is something in store for Times readers and it will not be policy for you to miss looking over one of these advertisements.

Insurance Directors Have Agency Meeting

One of the most enthusiastic agency meetings in the history of life insurance organizations was held by the agents and directors of the Gary National Life Insurance Co. yesterday. With more than thirty-five present, the session opened in a meeting with Superintendent of Agents E. Johnson at the company offices. Mr. Johnson made a splendid address to the men on past records showing the remarkable growth of the company and on the outlook for the future, showing what the company hopes to do. SCHOOLS TO CELEBRATE MAY FIRST

L. N. Hines, state superintendent of public instruction, directed a letter to all school officials of the state today, urging the observance of American day, May 1, in the schools.

Governor Goodrich in an official proclamation, set aside the day for popular demonstrations to combat American propaganda. Since May 1 falls on Saturday the school observance will be held April 29.

Plant That Coughs.

Botanists have records of carnivorous plants which eat even mice; there are laughing and weeping flowers; and now, according to the Journal de la Sante, there is in the tropics a "coughing plant." Its fruit is like the common bean. It is easily aroused to anger, and what is more strange, has a horror of all kinds of dust. As soon as a few grains fall on the leaves the stomates or air cells, which are the breathing organs, fill with gas, puff out and throw off the dust with slight explosions like the cough of a child.
